

Hockey Graphs Mentorship Program

Coding Workshop @ RITHAC

Join us the evening before the RIT Hockey Analytics Conference as we showcase the process of applying statistical tools to real hockey problems.

We'll help you set up R, build your own model, analyze and visualize your results, and more. This is a beginner-focused workshop but all are welcome! There's **no cost** to attend; just fill out the interest form so we can send you some resources beforehand.

5-7 PM
Friday, October 20th

Van Peursem Auditorium
1250 Thomas Gosnell Hall
